

"2014 IS THE YEAR TO BRING HEALING."

Imagine a little girl with a vision from God to make Jesus a Hero to the world. To know that as a little girl God was calling you to bring healing to the nations. This was the vision that Jenene says, "was the thing that got me through so many unspeakable trials."

Imagine a teenager who was so against abortion she rallied and picketed at the Sacramento Capitol, only to find herself a young woman that later chose abortion.

Imagine a 14 year old girl being primed for polygamy by her boyfriend's family, straight from the Kimball family line.

Imagine a young woman beaten and left to die in the high desert that got on her knees and prayed and said to God, "I don't know how you're going to get me off this mountain, but I know that you are."

Imagine a girl raised in Del Paso Heights who suffered molestation, rape, abuse, abortion and attempted suicide. "I am a walking billboard for God's abounding grace."

The Lord says, "I will never leave you nor forsake you. I am with you always." He means it. This is Jenene's story. "2014 is the year to bring healing to our nation."
